### Taught by: John Tweedie

*Classes start @ 7pm- 9pm@ CCC Church*

Offering a prophetic course. Christians in every generation hoped they would live to see the Lord's return, yet nearly 2000 years have passed, and the Lord has not returned as He promised. But could he come in our generation? Perhaps there are clues within the long prophetic explanation Jesus gave His first disciples in Matthew Ch. 24. He answered their questions about His promised return, especially within the direct parallel Jesus drew between the people of Noah's day and the generation that will witness His second coming. We will explore these questions and explain the significant clues Jesus gave in His Matthew 24 prophetic discourse that suggest we may have entered this final phase of human history and that the countdown to Armageddon has already begin
